Flutter Navigator Middleware

2020 https://medium.com/flutter-community/flutter-navigator-middleware-part1-9ebc47cea2f2
In this article, we will create a simple example to see how
RouteObserver works. In part2, we will create NavigatorMiddleware with
RouteObserver. NavigatorMiddleware class will help us be aware of all
changes about Navigator, not only a single widget. Also, we can do many
other things with this service class like creating Navigator Stack.
